

Governors Village November 17, 2011

Communication Committee:

The communication committee works to inform Governors Village residents about community issues and upcoming activities including maintaining and upgrading the official Governors Village website at governorsvillage.org. Share your neighborhood news and ideas with committee members as a reporter; photographer; or by volunteering as a liaison between Communications and other committees.

Contact: Susie Moffat (Chair, Webmaster) – susie_moffat@unc.edu

Grounds Committee

The Grounds Committee works to maintain and improve landscaping of the neighborhood common areas. Volunteers serve on subcommittees for each neighborhood to plan and prioritize improvement projects within each neighborhood. The chairs from each neighborhood committee meet jointly, along with the Board of Directors grounds liaison, to plan and prioritize improvements for the community.

Recreation Committee

The Recreation Committee is responsible for overseeing and maintaining the community's recreational amenities in a cost effective manner, and ensuring the individual amenities are accessible and as safe as possible for all our residents' usage. The committee's largest responsibility has been the maintenance, improvement and operation of the pool and the cabana. However, the committee is also responsible for the playground and the playground equipment; volleyball court; tennis courts; and basketball court.

The Recreation Committee is always interested in having additional members who are willing to give a little time and a little energy. If you are interested, please contact Barry Bassett at ebarrybassett@nc.rr.com or Chris Gamber at 919-452-3569 or cgamber@hotmail.com, to get involved or for more information.
