

Bill Hlavac

12010 Wicker, Governors Lake Seat

Lives in Governors Lake since 2007 with wife Melissa and daughters Pascale and Ellery.

Education: BS, Industrial Engineering, Binghamton University, State University of New York; MBA, Baruch College, City University of New York

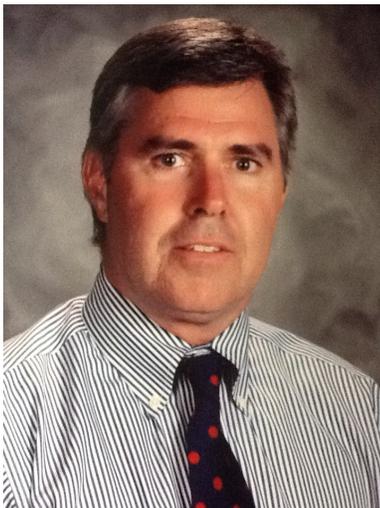

Began career building homes for local builders in a New York City suburb. Moved on to The New York Times, spending the next 17 years in various operations and strategy roles. Moved to North Carolina in 2006 and in 2008, left The New York Times to head up Operations at Syngenta in Research Triangle Park.

Peter DeStaebler

11035 David Stone

Townes of Governors Village Seat

Peter has been a resident of Governors Village for 7 years and a member of the board for 3 years. He is currently a teacher in the Wake County Public School System. In his spare time, Peter enjoys volunteering at Ronald McDonald House, attending local sporting events, and traveling.

Ted Smith

**10005 Raintree Bend
(Governors Forest)
At Large Seat**

Prior to retirement, I managed a group of more than 40 Information Technology professionals for a Fortune 100 company. When my wife Maria and I decided to escape the winters of Connecticut for a warmer climate, we moved to North Carolina and eventually built our home in Governors Forest.

We soon joined our neighborhood Grounds Committee and are still active participants improving the landscaping in our common areas. I initiated a Neighborhood Watch and as the coordinator receive information from the Chatham County Sheriff's Office which I am able to pass along through the Listserv. When an opening surfaced on the Architectural Review Board I applied and was accepted. I continue to serve on The ARB and am the current chair of the Communications Committee, where I also have the pleasure of photographing most of our community events. Serving on these committees has provided me with the opportunity to meet and know many fine people from the neighborhoods beyond the Forest.

I very much embrace the concept of *six neighborhoods - one community* and if elected to the open At Large Seat I will have the opportunity to represent each of our neighborhoods. This is a prospect that enthruses me very much and I pledge myself and my time to filling this role.

Wes Weaver

**20024 Boyd
Governors Village Seat**

My wife Anne and I have been most happy since deciding to build our home in Governors Village nine years ago. Our son Jay was born in 2008 and he enjoys the pool, parks and playgrounds we're so fortunate to have. We have been very happy with our housing decision and have tried to do our part in keeping our neighborhood a viable and desirable location.

I received a Master's Degree in Civil Engineering from NC State in 1999 and work as a Project Manager for a global construction management firm, the past eleven years on various projects at Duke University. This affords a unique perspective on construction, design and property management issues. I feel this experience would benefit our community in dealing with our annual budget and managing outside vendors. I'm also interested in getting our community more involved with simple community service projects that both contain costs and beautify our neighborhoods.

I'm excited about the opportunity to continue to serve our community as the POA Board Governors Village representative.
